Leading Provider of Diagnostic Imaging Equipment!

Complete Medical Services is a leading provider of refurbished diagnostic imaging equipment. Specializing in **Bone Density, Ultrasound, Nuclear Cameras, C-Arm,** and **Mammography** equipment, CMS has been established in the industry since 1996, and is trusted provider to private practices, clinics, and hospitals.

CMS also works with major manufacturer's, such as GE, to distribute their factory-refurbished equipment. We are a Siemen's Approved Partner, so we not only offer high quality refurbished Ultrasound equipment, but also brand new Ultrasound equipment straight from the manufacturer.

We also offer the following services:

Service Plans

Parts

Training

Educational Courses

For more information on any of the equipment we sell, please visit our [PRODUCTS](#). To speak with a sales representative, please [CONTACT US](#).
