Terms & Conditions

TERMS

Net 30 Days for most products, however, some products require C.O.D. If C.O.D. is required, the customer will be notified when order is placed. VISA, MASTERCARD and AMERICAN EXPRESS are also accepted. Credit Card payments require that the Bill To:, Ship To: address match the Credit Card Statement Mailing address.

FREIGHT

All orders are shipped F.O.B. Origin with actual UPS freight charges plus a \$2.25 packaging fee will be prepaid and added to the invoice.

PRICES

Prices are correct at the time of printing, but are subject to change without notice. We will be happy to quote quantity discounts and handle special orders. We reserve the right to discontinue products without notice.

DELIVERY

Most items are shipped from our warehouse stock the same day or one day following the receipt of order. If the item ordered is on backorder every effort will be made to ship the product in a timely manner.

DAMAGE IN SHIPMENT

Items are occasionally damaged in shipment. All orders should be opened immediately and inspected. If damage is discovered, hold the package and ask the carrier for an inspection. To file a claim, you must notify the carrier within 15 days of receipt. Claims for damages should be made against the carrier since our responsibility ceases upon your acceptance of the shipment. We will try to assist you in every way possible in the event a claim must be filed.

RETURNS

Defective goods may be returned for credit. Prior approval must be obtained however within 15 days of receipt of an order. Other product returns must have prior approval and a 25% restocking fee will be assessed.

Send Approved Returns To: **Star Imaging**
5333 Henneman Drive,
Norfolk, VA 23513

CONSEQUENTIAL DAMAGE

In no event shall we be liable for incidental, special or consequential damages in connection with or arising out of furnishing, performance or use of any product.

EQUIPMENT MAINTENANCE

Star Imaging offers repair service as well as maintenance contracts for most major ultrasound manufacturers. Please call for a formal quotation and/or information regarding contract pricing for your specific ultrasound model.

REFURBISHED AND USED EQUIPMENT

Star Imaging often takes equipment in on trade. Feel free to contact us for our current listing of equipment.

ULTRASOUND GELS & GEL ACCESSORIES

UPP-110HG/HA/HD AUTO-SHIP **\$151.00/box**

(Auto-Ship orders require a 12 month commitment, and a 2 box min. order per month.)

PART#	DESCRIPTION:	(1-2 boxes)	(3-9boxes)	(10+boxes)
UPP-110HG	HIGH GLOSS Superior Dynamic Range (Type V) Approx. 240 prints per roll (10 rolls/box) (for use w/ UP-895MD, UP-897MD, UPD897)	\$168.80/box	\$163.75/box	\$154.25/box
UPP-110HA	Superior Dynamic Range (Type IV) Approx. 240 prints per roll (10rolls/box) (for use w/ UP-870MD, UP-890MD, UP-897MD, UPD897)	\$168.80/box	\$163.75/box	\$154.25/box
UPP-110HD	High Density (Type II) Approx. 270 prints per roll (10rolls/box) (for use w/ UP-850, UP-870MD,UP-890MD, UP-895MD, UP-897MD, UPD897)	\$168.80/box	\$163.75/box	\$154.25/box

Did you know...

UPP-110HA can be used in place of UPP-110HD

If you have a newer printer (UP870MD, UP-890MD) just change the paper type switch to TYPE IV, or adjust the brightness and contrast

UPP-110HA has a higher dynamic range, which means there are more shades of grey between black and white. The brightness and contrast will need to be adjusted to accomodate the increase in greyscale resolution.

UPP-84HG

\$138.50

High Gloss Black and White Thermal Print Paper for use in UP-D711 printer. 10 rolls per box. 104 prints per roll.

UPC-21S

\$138.95

Color Print Pack, S-Size paper for the UP21MD, UPD23MD, UP25MD, UPD25 Printers. Each pack contains 240 prints of paper and ribbon (80 sheets x 3 packs).

UPC-21L

\$147.95

The Sony UPC21L L-Size color print pack for use in the Sony UP20, UP21MD, UP25MD, UPD21MD, UPD23MD, and Sony UPD25MD Color Video Printers. 200 prints of paper and ribbon (50 sheets x 4) per pack.

UPP-210HD

\$227.45

High density black and white paper for use with the UP-910, UP-930, UP-960, UP-970AD, UP-980, UP-990AD Black and White Printers. For printer mode Type II, Paper size equals 210mm x 25cm (per roll) Approximately 130 prints per roll, 1 box contains 5 rolls

BIOPSY INSTRUMENTS & BIOPSY ACCESSORIES

Disposable Endocavity Needle Guides

For use with Hitachi Aloka Medical CC41R, CC41R1, C41V, EUP-CC531 and EUP-V53W ultrasound transducers; Sterile endocavity needle guide, features 0-degree angle, accepts 16-18GA instruments, minimum recommended needle length is 17cm (6.7")

**Sterile - Single Piece
DISPOSABLE Single
Use Only!**

Manufactured by: CIVCO

This single-piece needle guide attaches securely to the transducer locating features providing a stable fit to the transducer throughout a variety of puncture procedures. The disposable design provides easy clean-up between procedures and reduces the risks associated with cross-contamination. The guide features an even transition from the insertion point to the exit point offering smooth movement and navigation during puncture procedures. This guide features 0° angle and accepts 16-18 gauge instruments. A minimum 17cm (6.7") needle is recommended to reach the target area.

<u>PART#</u>	<u>DESCRIPTION</u>	<u>PRICE</u>
644-068	Needle Guide for use with Hitachi Aloka Medical CC41R, CC41R1, C41V, EUP-CC531 and EUP-V53W ultrasound transducers; Sterile endocavity needle guide (Ref.# 134-147), features 0-degree angle, accepts 16-18GA instruments, minimum recommended needle length is 17cm (6.7") (24/bx)	\$386.00

742-306	Needle Guide for use with GE Healthcare E72, E721, E8C, E8C-RS, E8CS, IC5-9-D, IC5-9H, MTZ and MZ transducers, Sterile endocavity needle guide, accepts 16-18GA instruments (24/bx)	\$386.00

Sterile / Disposable Needle Guides

Part# 9000 and **Part# 5174** fit: Mindray EV6.5 MHZ/R10, 6CV1, 6CV1s, 65EC10EA, 65EC10EB, 65EC10HA, CB10-4, CB10-4s, V10-4, V10-4B, V10-4Bs, V10-4s, V11-3E, V11-3WE, V11-3Ws, International Biomedical E717, Chison D7C10L, V7-E, Kretz PB-ER4-9ES, Samsung-Medison EC4-9IS, EC4-9ES, ER4-9ES, 10R EV/140D, Esaote E8-5 R10, Siemens 6.5 EC10, EC7, EC9-4 (SONOLINE G20™, G50S™ & ACUSON X500™, X100™ Ultrasound Systems), EV9-4 (ACUSON X500™, X100™ Ultrasound Systems), Supersonic Imagine SuperEndocavity™ SE12-3, SEV12-3, Terason 8EC4(V), Vermon E710, Zonare E9-3

ATTENTION!

Part# 9000 and Part# 5174 Needle Guide are special order items and require an **8 week** lead time for delivery. Please place your orders accordingly.

Sterile Disposable (Single Use) Needle Guide

- Wide set funnel for easy & accurate needle entrance
- Smooth profile allows for ultimate patient comfort
- Attached securely to probe with ease
- Works with 16 gauge or thinner

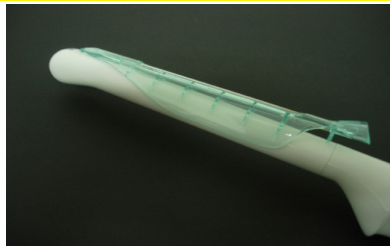

Part # 9000

(24 guides per box)

\$425.00/bx

Manufactured By: **PROTEK**
MEDICAL PRODUCTS, INC.

SPECIAL ORDER GUIDE for 15 GAUGE NEEDLES (8 week lead time)

Sterile Disposable (Single Use) Needle Guide

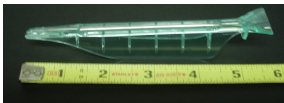

- Accepts larger, up to 15 gauge, needles for biopsy and aspiration procedures
- Stainless Steel Shaft for better accuracy
- Longer design for patient comfort and easy needle insertion
- Intended for Single-Use to avoid cross-contamination

10 Box Minimum Order

Part # 5174

(240 guides per lot)

\$4,125.00 Per Lot

Manufactured By: **PROTEK**
MEDICAL PRODUCTS, INC.

Sterile Disposable (Single Use) Needle Guide

- Over-molded style guide for proper positioning throughout the procedure
- Minimum recommended needle length is 14cm
- Guide offers a 3° angle and accepts instruments through 16 gauge

Part # 657-014

(24 guides per box)

\$411.35/bx

Manufactured By:

For use with International Biomedical E717 6.5MHz, Mindray EV6.5MHz/R10, 6CV1, 6CV1s, 65EB10EA, V10-4, V10-4s, V11-3s, V11-3Ws, Samsung Medison EC4-9ES, EC4-9IS, ER4-9ES, Siemens 6.5EC10, SuperSonic SE12-3 ultrasound transducers

CIVCO TRANSDUCER COVERS

CIV-FLEX™ Covers Especially popular for OB/GYN scanning procedures, CIV-Flex is a soft, pliable material comfortable for patients. The durable CIV-Flex material is acoustically transparent, offering distortion-free imaging. Designed specifically for ultrasound use, CIV-Flex slides easily over transducers and is a recommended alternative for latex-sensitive patients and professionals. Sterile cover kits include gel packet and colored elastic bands.

Part #	Description	Price per Box	
		1-4	5+

CIDEX® OPA

Sterilizing and Disinfecting Solution

CIDEX OPA® 14 Day Solution

A fast and effective way to disinfect a wide range of instruments and endoscopes. A (0.55%) ortho-phthalaldehyde solution, effective at room temperature and has excellent tuberculocidal and high level disinfection capabilities.

High level disinfection in 12 minutes.

- Low odor
- Easily rinses from equipment, especially lumened devices
- Requires no activation or mixing
- **14-day reuse life**
- **Gallon can be used for 75 days after opening**
- **Two-year shelf life**
- Can be discarded down hospital and office drains in accordance with local regulations

Order No. 20390 \$72.60/gal

CIDEX OPA® Test Strips

CIDEX® Test Strips provide a rapid and easy measure of the minimum effective concentration (MEC) to ensure an optimal reuse of CIDEX® OPA Solution.

60 Strips per bottle - 2 bottles per box

Order No. 20392 \$189.00/bx

DISINFECTING SOLUTION & ACCESSORIES

CIVCO Endocavitary Soaking Cup

*Funnel for the 3D/4D Volume
Intracavitary Transducers.*

CIVCO's lightweight soaking cup provides a safe and efficient soaking system for endocavity transducers. The soaking cup kit includes a 12" x 5" high density polyethylene cup, contoured funnels (2D white and 3D/4D blue), lid, bracket and mounting hardware. The contoured funnel prevents transducers from hitting the bottom of the cup, saving costly damage to the lens of the transducer.

The soaking cup holds up to 120 fluid ounces of disinfecting liquid and will accommodate two endocavity transducers measuring up to 22.9cm (9") in length. When not in use, the lid is provided to prevent unpleasant fumes and evaporation of disinfectant or sterilizing solutions. The cup is recommended for use with glutaraldehyde cold chemical disinfecting/sterilizing solutions. It is recommended the cup, funnel and lid are replaced when the disinfectant expires. Replacement cups, lids and funnels also are sold separately.

PART#	DESCRIPTION	PRICE
610-584	Endocavitary Soaking Cup; contains bracket, mounting hardware, cup, lid and funnels (both 2D-white and 3D/4D-blue)	\$ 97.95
610-585	Replacement Kit: cup, lid and both funnels (3ea)	\$ 60.32

Please consult your ultrasound system's operation manual for proper transducer disinfecting and cleaning instructions.

EXAMINATION SUPPLIES

TABLE PAPER

Strong, absorbent table paper protects exam tables from dirt and moisture while offering comfort and protection for patients. Choose from smooth or crepe finish. Crepe is softer, quieter and more absorbent. Crepe is also more textured which will help prevent it from sliding on surfaces. Both are available in Standard and Deluxe grades. Deluxe grade features a heavier basis weight paper. All rolls are mechanically metered for exact length, and individually poly-bagged for cleanliness during shipment and storage. White.

SMOOTH
