BIODEX **Ultrasound**Tables

Achieve quality imaging in a safe, comfortable environment

Biomedex feature-rich Ultrasound Tables meet the concerns of today's sonographer, at a cost you can afford. The scanning experience is more comfortable for the patient and ergonomically correct for the sonographer. Dependability and exceptional performance allow you to forget about the product and focus on the patient – that's your "Clinical Advantage."

WARNING
500 LB. LOAD CAPACITY
Do not exceed this table's weight capacity.
Use proper lifting techniques.
Always use proper lifting techniques and use proper body mechanics when moving or positioning the table.

SoundPro™

Suitable Procedures:

- Abdomen
- Renal
- Aorta
- Pelvis
- Endovaginal
- OB
- Hysterosonography
- Thyroid
- Testicular
- Breast
- Musculoskeletal
- Carotid
- DVT/Lower Extremity Venous
- Lower Extremity Arterial
- Venous Reflux
- Upper Extremity Venous
- Upper Extremity Arterial
- Renal Artery
- Renal Transplant
- Abdominal Doppler
- SMA
- Echocardiography
- Stress Echo
- Transesophageal Echo

Accommodates
BARIATRIC
Patients

Combination Table

Accommodates ultrasound and echocardiography procedures.

- Ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Extra wide top with 500 lb patient capacity, suitable for bariatric patients
- Cardiac drop-down cushion, allows release and return from either side of table
- Industry's largest cardiac scanning cutout – 15.75" l x 9.5" w
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- Fowler positioning, 0 to 80 degrees, designed to accommodate natural body extension and sitting position without slide or shift
- Motorized height, Fowler positioning, Trendelenburg motions and auto-level adjustment
- Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
- Central floor-locking system maintains table stability
- Durable hand controller activates table positions
- Allows seated or standing work positions
- Side rails mount flush to table for unencumbered patient access
- Stirrups are designed to cup at the heel for added comfort
- Articulating Scanning Arm Board, adjustable from 0 to 130 degrees
- Foot Controller is ideal for when hands are busy with other functions
- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.

Optional

- Headrest drops down 15 degrees to allow for carotid and thyroid studies

All table options and accessories are featured on pages 18-19

The Sound Pro™ Combination Table brings together the imaging features of both the Ultra Pro and Echo Pro tables. Fully equipped for OB/GYN, general ultrasound and echocardiography procedures, the extra wide tabletop is designed with advanced ergonomics to provide

maximum comfort for both patient and sonographer. Designed to conform to natural body extension and sitting position, the motorized Fowler positioning is infinitely adjustable to 80 degrees via hand or foot control. The table is so accommodating, it reduces the total amount of time required to achieve a quality image. Stress patients are off the treadmill and quickly onto the table in imaging position.

The cardiac drop-down cushion releases from either side of the table, providing open access to the patient's left thorax area for an unencumbered apical approach. Flush-mounted side rails enable closer access to the patient, without sonographer contortion. When not in use, rails fold beneath the table, eliminating obstruction.

Patient comfort is assured even during lengthy procedures with our Naugahyde® antimicrobial mattress cover, which also provides protection against bacteria. Standard accessories available to expand the function of your table include ergonomic stirrups that cup at the heel, an articulating scanning arm board (adjustable from 0 to 130 degrees) and a foot controller for when hands are busy with other functions. The optional Headrest is removable and adjustable, providing convenient access and patient comfort during carotid and thyroid procedures.

Largest cutout in the industry, 15.75" l x 9.5" w

- Headrest for easier thyroid and carotid access
- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.

All table options and accessories are featured on pages 18-19

The Ultra Pro™ Ultrasound Table is the professional's choice when performing general ultrasound procedures, including OB/GYN.

The table's ergonomics are designed to reduce sonographer fatigue and minimize patient repositioning, making it easy to achieve quality images in less time.

Fowler positioning, which provides the utmost in patient comfort, an enhanced central floor-locking system offering easier access from around the table, and an antimicrobial vinyl mattress ensuring safety against infection are all standard on the Ultra Pro.

Customization is made possible with optional items including flush mounted side rails allowing complete patient access and safety, retractable stirrups with contoured heel

cups and an extra-long extension for tall patients, an articulating scanning arm board and a headrest that drops down 15 degrees to allow for carotid studies.

THE TABLE ADJUSTS...NOT YOU, NOT THE PATIENT.
All Biomed Ultrasound Tables feature an adjustable height range of 23" to 39" – ideal for wheelchair transfers and patients with ambulatory difficulties.

- Articulating Scanning Arm Board, adjustable from 0 to 130 degrees
- Headrest for easier thyroid and carotid access
- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.

All table options and accessories are featured on pages 18-19

The Econo Ultrasound Table is designed on the same platform as the Ultra Pro with similar features and functions. To make it a more cost-effective alternative it is offered without Trendelenburg positioning or central floor-locking system.

The same ergonomics have been incorporated into the design of the Econo Ultrasound Table, making it easy for a sonographer to achieve quality images without discomfort to the patient or sonographer.

Motorized height and Fowler positioning which accommodates natural body extension and sitting position, a height range as low as 23" to allow wheelchair transfers and a hand controller are just some of the features that make the imaging experience easy with the Econo Ultrasound Table.

The Econo Table can be customized to suit your department needs with an assortment of table options. Flush-mounted side rails enable closer patient access without sonographer contortion. An articulating scanning arm board, adjustable from 0 to 130 degrees and a headrest that drops down 15 degrees to allow for carotid studies are just some of the items which can be added to the table.

The motorized Fowler back has minimal patient shift of no more than 2-3 inches.

Echocardiography Table

Unobstructed patient access ensures sonographer comfort

- Ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Extra wide top with 500 lb patient capacity, suitable for bariatric patients
- Cardiac drop-down cushion, allows release and return from either side of table
- Industry's largest cardiac scanning cutout – 15.75" l x 9.5" w
- Fowler positioning, 0 to 80 degrees, redesigned to accommodate natural body extension and sitting position without slide or shift
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- Motorized height, Fowler positioning, Trendelenburg/Reverse Trendelenburg and auto-level adjustment
- Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
- Central floor-locking system maintains table stability
- Durable hand controller activates table positions
- Allows seated or standing work positions

Optional

- Foot Controller is ideal for when hands are busy with other functions
- Side rails mount flush to table for unencumbered patient access
- Articulating Scanning Arm Board, adjustable from 0 to 130 degrees
- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.
- Headrest drops down 15 degrees to allow for carotid and thyroid studies

All table options and accessories are featured on pages 18-19

The Echo Pro™ Echocardiography Table is engineered with the sonographer in mind. The ergonomic design provides a barrier-free imaging experience, resulting in less sonographer injury and better quality images.

The table's features make it easier for the sonographer to access the patient from all sides. The cardiac scanning cushion drops down and releases from either side of the table. The sonographer has open access to the left thorax area for an unobstructed apical approach. Side rails mount flush to the table and fold completely beneath the table when not in use.

Patient comfort is assured, even during lengthy procedures with our Naugahyde® antimicrobial mattress cover.

Add options such as an Articulating Scanning Arm Board or Headrest for easier thyroid and carotid access to configure the Echo Pro to fit your department needs.

The cardiac cushion is designed to release from either side of the table.

- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.
- Headrest drops down 15 degrees to allow for carotid and thyroid studies

All table options and accessories are featured on pages 18-19

The Econo Echocardiography table is based on the same platform as the Echo Pro. It has the same ergonomic features, keeping the safety of the sonographer in mind. To make it a more cost-effective alternative, it is offered without Trendelenburg positioning or the central floor-locking system.

The barrier between sonographer and patient is eliminated with the Econo Echocardiography Table, featuring an ergonomic design, which helps prevent musculoskeletal injury.

The design includes a cardiac drop-down cushion that provides the largest scanning access of any table, with the ability to release and return from either side of the table. Open access is provided to the patient's left thorax area for an unobstructed apical approach.

The Econo Echocardiography Table has many optional items to further improve sonographer comfort and safety. Choose what best suit your department's specific needs. Redesigned side rails for closer patient access, an articulating scanning arm board, adjustable from 0 to 130 degrees and a headrest for easier thyroid and carotid access are all available.

Adjustable from 0 to 130 degrees, locking every 10°

- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.
- Headrest drops down 15 degrees to allow for carotid and thyroid studies

All table options and accessories are featured on pages 18-19

The Echo/Vasc Pro™ Vascular Echocardiography Table is the logical choice for performing vascular scanning and echocardiography. It is designed with many features that help obtain quality images and keep the sonographer safe from injury.

The Echo/Vasc Pro features 30 degree reverse Trendelenburg positioning, ideal for expanding lower extremity veins for maximum vessel dilation. The adjustable foot support provides the sonographer with comfortable access to patients of various heights, without crouching. When not in use, the foot support stores beneath the table allowing clear access

to the tabletop. Body straps stabilize the patient and ensure safety throughout the entire procedure. The design also includes a cardiac drop-down cushion, with the ability to release and return from either side of the table, providing ample scanning access for an unobstructed apical approach.

As with all Biodex ultrasound tables the Echo/Vasc Pro features Fowler positioning to accommodate natural body extension and sitting position without slide and shift, optional side rails for easy access to the patient, an optional Articulating Scanning Arm Board, adjustable from 0 to 130 degrees and soft antimicrobial vinyl upholstery.

Adjustable every 2", up to 14", the foot support provides the sonographer comfortable access to patients of various heights. Ideal for lower extremity vascular studies and procedures requiring the patient remain in an upright position.

Features 30° Reverse Trendelenburg

Vascular Ultrasound Table

The ergonomic choice for lower extremity vascular studies

- Ergonomic design helps prevent musculoskeletal injuries – comfortable shoulder, arm and hand positions when scanning
- Extra wide top with 500 lb patient capacity, suitable for bariatric patients
- Reverse Trendelenburg to 30 degrees
- Height range down to 23" accommodates wheelchair transfers and those with ambulatory difficulties
- Fowler positioning, 0 to 80 degrees, redesigned to accommodate natural body extension and sitting position without slide or shift
- Motorized height, Fowler positioning, Trendelenburg motions and auto-level adjustment
- Improved foot support with comfortable access to calves without crouching
- Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
- Central floor-locking system maintains table stability
- Durable hand controller
- Allows seated or standing work positions

Optional

- Foot Controller is ideal for when hands are busy with other functions
- Redesigned side rails mount flush to table for unencumbered patient access
- Articulating Scanning Arm Board, adjustable from 0 to 130 degrees
- IV Pole easily attaches for quick convenience
- Paper Dispenser accommodates a roll of hygienic table paper. Includes a cutter strap.
- Headrest drops down 15 degrees to allow for carotid and thyroid studies

All table options and accessories are featured on pages 18-19.

The Vasc Pro™ Vascular Ultrasound Table is designed with ergonomics in mind. It addresses sonographer comfort and safety and proper patient positioning, virtually eliminating repetitive-strain injuries from vascular scanning.

Sonographer comfort and safety are accomplished through features such as the adjustable foot support that accommodates patients of various heights, and optional side rails enabling

close access to the patient without sonographer contortion.

Fowler positioning to 80 degrees, which accommodates natural body extension and sitting position without slide or shift, an optional Articulating Scanning Arm Board adjustable from 0 to 130 degrees locking every 10 degrees, the thick antimicrobial mattress and table adjustability all create a comfortable imaging experience for the patient.

Optional side rails tuck beneath the table when not in use to allow clear access to the tabletop.

Table Accessories

Sonography Chair

Modern, ergonomic design

This ergonomic sonography chair is manufactured to provide multiple adjustments for seat height, back height, and backward tilt tension, along with an integrated seat slider allowing for a variety of comfortable postures. A foot ring is standard for additional support and positioning.

SPECIFICATIONS:

Color: Graphite
Weight Capacity: 250 lb (113.6 kg)
Shipping Weight: 45 lb (20.4 kg)

058-704 Chair, Ergonomic, Sonography

Visit OSHA's website at www.osha.gov on "Sonography: Positioning Patients and Equipment" which discusses not only the sonography chair but also exam tables. Biodex meets all of the sonographer's needs!

Foot Controller

Hands busy? Use Foot Control.

The ergonomically designed Foot Controller offers the freedom to activate height, Trendelenburg motions and Fowler positioning from locations away from the table, or when hands are busy with other functions. The controller is manufactured from a metal casting for extreme durability.

058-741 Foot Controller
For 058-700, 058-702, 058-720 and 058-732 Ultrasound Tables.

IV Pole

Easily attaches for quick convenience

058-737 IV Pole

The optional IV Pole mounts in a bracket at the head end of the table. Constructed of stainless steel, this IV Pole is height adjustable.

Articulating Scanning Arm Board

Adjustable from 0 to 130 degrees, locking every 10°

For the gamut of upper extremity vascular procedures, the optional arm board is used to support the patient's arm and can be mounted to either side of the table. The arm board is adjustable from 0 to 130 degrees, locking every 10 degrees. It is required to perform upper extremity arterial and upper extremity venous procedures.

058-736 Arm Board, Articulating Scanning

Expand the function of your table

Paper Dispenser

Includes Cutter Strap

The optional Paper Dispenser mounts to the head end of the table. The dispenser is manufactured to hold a roll of hygienic table paper. Includes cutter strap.

058-611 Dispenser, Paper
with Cutter Strap

056-612 Table Paper, Hygienic, 12 rolls
18" w x 225' l (46 cm x 69 m)

Headrest

Ideal for thyroid and carotid studies

The optional Headrest is removable and adjustable, providing convenient access and patient comfort. Headrest drops down 15° for easy access to perform thyroid and carotid studies. It's versatility allows you to extend the length of the table to accommodate taller patients.

SPECIFICATIONS:

Dimensions:

Overall: 9.625" l x 12.375" w (24.4 x 31.4 cm)

058-738 Headrest

Folding Side Rails

Safety and Convenience

Flush-mounted side rails provide added safety without obstructing patient access. When stowed, the side rails fold out of the way, allowing the sonographer total patient access and comfortable scanning positioning.

058-633 Folding Side Rails

Retractable Stirrups

Contoured heel cup for comfortable support

Retractable Stirrups expand function of the table to include endovaginal, hysterosonography, testicular, OB and more. Designed with a contoured heel cup for comfortable support and an extra-long extension to accommodate tall patients. Bottom cushion of the table drops out of the way for unobstructed access.

058-652 Stirrups, Retractable

Options are installed by the customer.

Which Table is right for you?

Sound Pro Combination Table

SPECIFICATIONS:

Dimensions:

Overall: 71" l x 30" w (180.3 x 76.2 cm); 35" w (88.9 cm) with side rails
 Cardiac Scanning Cutout: 15.75" l x 9.5" w (40 x 24.1 cm)
 Drop-down cushion releases from either side of the table.
 Sonographer Cutout: 14.75" l x 8" w (37.4 x 20.3 cm) Adjustable sonographer cushion drops down or folds up for maximum access to the patient.
 Drop-Down Leg Section: 12.6" l (32 cm)

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
 Trendelenburg: 0° to ±15°
 Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
 Foot Control: Activates height, Trendelenburg motions and Fowler positioning
 Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Three primary sections: torso section features sonographer and patient cutouts with Fowler positioning; center section remains fixed and leg section drops down to 40° and 80° for stirrup access

Drop-Down Cardiac Scanning Cushion: Release from either side of the table
Adjustable Sonographer Cushion: drops down or folds up for maximum access to the patient

Mattress: Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: One body strap
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 350 lb (159 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN 60601-1 standards.
Warranty: Two years parts and labor

Includes: hand and foot controllers, folding side rails, vascular scanning arm board, retractable stirrups, IV pole and paper dispenser.

058-715 Table, Combination, Sound Pro, 230 VAC
Includes: hand and foot controllers, folding side rails, vascular scanning arm board, retractable stirrups, IV pole and paper dispenser.

Ultra Pro Ultrasound Table

SPECIFICATIONS:

Dimensions:

Overall: 70" l x 30" w (177.8 x 76.2 cm); 35" w (88.9 cm) with optional side rails
 Drop-Down Leg Section: 12.6" l (32 cm)

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
 Trendelenburg: 0° to ±15°
 Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
 Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning
 Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access

Mattress: Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: Two body straps
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 335 lb (152 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN 60601-1 standards.
Warranty: Two years parts and labor

058-720 Table, Ultrasound, Ultra Pro, 115 VAC
Includes Hand Controller.

058-725 Table, Ultrasound, Ultra Pro, 230 VAC
Includes Hand Controller.

Econo Ultrasound Table

SPECIFICATIONS:

Dimensions:

Overall: 70" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
 Drop-Down Leg Section: 12.6" l (32 cm)

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
 Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height and Fowler back
 Wheels: 5" (12.7 cm) Individual locking swivel casters

Tabletop: Three primary sections: torso section with Fowler positioning, center section remains fixed and leg section drops down to 40° and 80° for stirrup access

Mattress: Torso section 2" (5 cm) thick, center and leg sections 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: Two body straps
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 335 lb (152 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN 60601-1 standards.
Warranty: Two years parts and labor

058-726 Table, Ultrasound, Econo, 115 VAC
Includes hand controller.

058-727 Table, Ultrasound, Econo, 230 VAC
Includes hand controller.

All ultrasound tables are compatible with Hoyer Lifts

See pages 18-19 for Table Accessories, available separately.

Options are installed by the customer.

Echo Pro Echocardiography Table

SPECIFICATIONS:

Dimensions:

Overall: 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
Cardiac Scanning Cutout: 15.75" l x 9.5" w (40 x 24.1 cm)
 Drop-down cushion releases from either side of the table.
Sonographer Cutout: 14.75" l x 8" w (37.4 x 20.3 cm) Adjustable sonographer cushion drops down or folds up for maximum access to the patient.

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
Trendelenburg: 0° to ±15°
Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Two primary sections: torso section features sonographer and patient cutouts with Fowler positioning; lower body section remains fixed

Mattress: Torso section 2" (5 cm) thick, lower body section 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: Two body straps
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 335 lb (152 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN60601-1 standards.
Warranty: Two years parts and labor

058-700 Echocardiography, Echo Pro™, 115 VAC
Includes band controller.

058-705 Table, Echocardiography, Echo Pro™, 230 VAC
Includes band controller.

Econo Echocardiography Table

SPECIFICATIONS:

Dimensions:

Overall: 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
Cardiac Scanning Cutout: 15.75" l x 9.5" w (40 x 24.1 cm)
 Drop-down cushion releases from either side of the table.
Sonographer Cutout: 14.75" l x 8" w (37.4 x 20.3 cm) Adjustable sonographer cushion drops down or folds up for maximum access to the patient.

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height and Fowler back
Wheels: 5" (12.7 cm) Individual locking swivel casters

Tabletop: Two primary sections: torso section features sonographer and patient cutouts with Fowler positioning; lower body section remains fixed

Mattress: Torso section 2" (5 cm) thick, lower body section 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: Two body straps
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 335 lb (152 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN60601-1 standards.
Warranty: Two years parts and labor

058-701 Table, Echocardiography, Econo, 115 VAC
Includes band controller.

058-706 Table, Echocardiography, Econo, 230 VAC
Includes band controller.

Echo/Vasc Pro Vascular Echocardiography Table

SPECIFICATIONS:

Dimensions:

Overall: 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails
Cardiac Scanning Cutout: 15.75" l x 9.5" w (40 x 24.1 cm)
 Drop-down cushion releases from either side of the table.
Sonographer Cutout: 14.75" l x 8" w (37.4 x 20.3 cm) Adjustable sonographer cushion drops down or folds up for maximum access to the patient.

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
Trendelenburg: 0° to 15°
Reverse Trendelenburg: 0° to 30°
Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Two primary sections: torso section features sonographer and patient cutouts with Fowler positioning; lower body section remains fixed
Foot Support: Adjustable every 2", up to 14". Stores beneath the table when not in use.

Mattress: Torso section 2" (5 cm) thick, lower body section 3" (8 cm) thick; Naugahyde®, antimicrobial mattress cover with Advanced BeautyGard® provides protection against bacteria
Upholstery Color: Graphite
Patient Restraints: Two body straps
Finish: Powder coat
Patient Capacity: 500 lb (227 kg); weight tested to four times the patient load rating.
Weight: 335 lb (152 kg)
Power: 115 VAC or 230 VAC
Certifications: ETL and cETL Listed to UL60601-1 and CAN/CSA C22.2 No. 601.1.M90 and EN60601-1 standards.
Warranty: Two years parts and labor

058-702 Table, Vascular Echocardiography, Echo/Vasc Pro, 115 VAC
Includes band controller and foot support.

058-707 Table, Vascular Echocardiography, Echo/Vasc Pro, 230 VAC
Includes band controller and foot support.

Vasc Pro Vascular Ultrasound Table

SPECIFICATIONS:

Dimensions:

Overall: 73" l x 30" w (185.4 x 76.2 cm); 35" w (88.9 cm) with optional side rails

Motions:

Height Adjustable: 23" to 39" (58.4 to 99 cm)
Trendelenburg: 0° to 15°
Reverse Trendelenburg: 0° to 30°
Fowler Positioning: 0° to 80° infinitely adjustable

Controls:

Hand Control: Activates height, Trendelenburg motions, Fowler positioning and auto level motions
Foot Control (optional): Activates height, Trendelenburg motions, and Fowler positioning

Wheels: 5" (12.7 cm) Individual locking swivel casters; central floor-locking system

Tabletop: Two primary sections: torso section with Fowler positioning; lower body section remains fixed
Foot Support: Adjustable every 2", up to 14". Stores beneath the table when not in use.

058-732 Table, Vascular Ultrasound, Vasc Pro™, 115 VAC
Includes band controller and foot support.

058-733 Table, Vascular Ultrasound, Vasc Pro™, 230 VAC
Includes band controller and foot support.

■ PEER PERSPECTIVE

“We find that this table is easy to use and we are pleased with its performance.”

Sound Pro Table

“Some of the numerous features that we find exceptional on the Sound Pro, are the pivoting side rails, the retractable stirrups, and the cardiac cutouts. The construction of the side rails allows the sonographer the ability to be closer to the patient without any obstruction of the side rails hitting our knees.

Furthermore, the cardiac cutout allows the sonographer the ease to scan apical views of the heart. Lastly, we like the fact that the stirrups are retractable and hidden in the table when we do not require them. We find that this table is easy to use and we are pleased with its performance. We look forward to the next table we purchase.”

*- Heather Hibner, RT, RDMS, RDCS,
Lead Sonographer, Madera Community Hospital, Madera, CA*

“Because the table is so accommodating, it reduces the time needed to get a quality image.”

Echo Pro Echocardiography Table

“Our sonographers really like the Biodex Echo Pro Table. They love the electronic height adjustment. It allows the table to be lowered to a level where even patients with limited mobility can get on it easily. Once the patient is on the table, you can then raise it - smoothly - to a level that is comfortable for the sonographers to do their job. Because the table is so easy to get on and raise, it helps us when doing stress echoes in that we can get the patient off the treadmill, on the table and into position for imaging in a very short time.

We also like that the Biodex Echo Pro Table has Trendelenburg and Reverse Trendelenburg capability, plus an infinitely adjustable Fowler back. It is comfortable for our patients, looks great in our facility and, thanks to the drop-away sonographer cutout, allows our technicians to get up comfortably close to the patient without bending way over. Because the table is so accommodating, it reduces the time needed to get a quality image.

We highly recommend that other facilities consider the Biodex Echo Pro Table. It has all the features you'll need and it is backed by the Biodex reputation for quality and craftsmanship.”

- Bonnie Albrecht, PT, Surburban Cardiology, Williamsville, NY

“Overall, I'd call the Biodex Ultra Pro Ultrasound (Table) the Cadillac of imaging tables.”

Ultra Pro Ultrasound Table

“There are many aspects I like about the Biodex Ultra Pro Ultrasound Table. For starters, the size of this ergonomically designed table is good for patient comfort. It's long enough and wide enough that patients don't end up with their arms or feet hanging off the table.

“The remote control features are another plus. They eliminate the need to physically move, adjust or lift the patient's head or torso; up and down, lateral tilt, Trendelenburg and reverse Trendelenburg - with a 500-pound weight limit, this table can handle and position just about any patient we encounter.

“I also like the arm extension board. During vascular exams, it allows for optimal scanning positioning without the patient's hand draped across your lap. I also find the reverse Trendelenburg positioning for venous exams an asset when a patient is unable to stand.

“Lastly, the locking wheels and floor lock mechanism provide double protection to ensure patient safety.

“Overall, I'd call the Biodex Ultra Pro Ultrasound the Cadillac of imaging tables. It's great for the patient while also lessening the daily wear and tear on my own body.”

*- Lisa LeBlanc, BS, RDMS, RVT, RT(R), (CT),
Alliance Medical Group, Watertown, CT*

Biodex Ultrasound Tables Have It All...

- ERGONOMIC DESIGN • EASY TO USE • FEATURE RICH

Accommodates patients of various heights

Maintains table stability

Industry's largest cardiac scanning cutout

Closer patient access

Infinitely adjustable to 80 degrees

Table adjusts down to 23"

**Achieve Quality Images
Using a Biodex Imaging Table**

- ULTRASOUND • ECHOCARDIOGRAPHY • VASCULAR

BIODEX

Invest in workplace health...

Reduce Sonographer Injury with Biodex Ultrasound Tables

Preventing injury and potential downtime, or subsequent Workers' Compensation Claims, could be as simple as switching to an ergonomically designed table that meets SDMS Industry Guidelines.

Echo Pro™ Echocardiography Table

SDMS RECOMMENDATIONS CHECKLIST

These features are considered essential for new or replacement sonography tables, and Biodex meets each recommendation:
